Event Overview

Join us for an in-depth discussion with leaders shaping the future of **mass transit infrastructure** throughout New York City and the surrounding region. This multidisciplinary panel brings together representatives from the **owner, contractor, architect/engineer, government, and consulting communities** to provide their unique perspectives on the opportunities and challenges facing today's transportation infrastructure projects.

- ✓ **Major transit capital projects and system expansion initiatives**
- ✓ **Funding, procurement and delivery strategies** for complex public infrastructure programs
- ✓ **Design-build, risk allocation and contract management** considerations
- ✓ **Modernization of rail, subway and station infrastructure**
- ✓ **Resiliency, accessibility and sustainability** in transit development
- ✓ **Workforce challenges, supply chain constraints, and project execution risks**
- ✓ **Lessons learned and best practices**

Networking Opportunity

Network with **owners, developers, contractors, architects, engineers, attorneys, consultants, and public-sector leaders** before and after the panel discussion. Light refreshments will be served.

 **Hosted by:** The New York City Bar Association – Construction Law Committee
